With the talk of "phased" reopening the DS is all a quiver. They don't want the economy to recover, and if the country is opened how do they continue the threat?🤔

Drones, apps, software, all designed to control, to tell you what to do, or Else!
Now they want "Zones".
Hot Covid zones, mostly in cities, cough, Dem sanctuary cities, cough. These will be the highest risk zones. They will maintain greater lockdown in these zones, for "safety"

of course 😉
This will cut down on crime allowing them to take a bow for doing such great work😌
But they also want to keep the unemployment/Covid payments to continue in these "hotzones".
Got to buy those votes somehow 🤔

So we can go back to work and pay even more to the Non working people in these Zones. They will be the arbiters of what is/isn't a hot zone. Basically, anywhere their failed Dem policies have ruined their cities and states they will designate it a "hotzone". New type of Federal

bailout. Cities will become Covid prisons. You'll need papers and permission to leave or cross zones.
BUT! They also want "Covid Safe" zones.
Areas with very low infection rates have to be protected. I'm sure these all knowing power hungry people won't designate their

affluent neighborhoods and properties as "Covid safe zones" needing special permission to enter😉
These people are drunk with power and drooling over the opportunities to exploit the pandemic, such as it is.

The DS knows they can't get Biden elected, he stands no chance. Hillary was offered first crack at VP, and turned it down cold. Now the second their is being looked at and the bottom tier is jumping up and down for the chance.
They know Geritol Joe doesn't stand a chance, its

actually a joke to them. But they are running such a weak candidate, Biden, on purpose. It is to motivate people 4 elections in Congress and the Senate. They desperately want to maintain control of Congress and Take over control of the Senate.

If they do Trump will be impeached on day one, they are already setting up the groundwork to do so.

America is reaching a very big FU moment. As certain states continue to lock down even more they are deliberately abusing their Citizens AND the Police. Violating the Constitution to gain power and rig elections is what they want. But they also want to turn people against

the Police. They know these new unconstitutional orders are unpopular. And making the police departments enforce them are causing people to resent the police. Drawing a deeper line between the people and the police department. That is

I'm going to get in trouble for this one. I've been told the DS Dems don't care about Biden, or Pres election, they know they can't beat Trump. Anything they do is to keep up appearances in that direction. They are concentrating on gaining control in Congress and the Senate.

They intend to impeach Trump on day one if they do. And I'm told they have, if not "help", they have "assurances" from someone close to Trump 😬😬😬😬😬😬 that supports this.

Maryland, Baltimore. Covid-19 cases continue to increase. What they aren't saying is how many of those cases we're drug-dependent, had pre-existing conditions such as hepatitis, and we're already deteriorating which made them susceptible. I have met with more than one family

Affected by this and they have confirmed their relatives condition prior to the covid-19 "diagnosis". Some were diagnosed with a different disease/infection prior to this, and even received medication to treat it. That diagnosis has been
